A Line from your President...

I hope you are all doing well and have found a routine that helps to restore some sense of normalcy as we enter our 4th month of dealing with the pandemic. On a brighter note, more and more activities are becoming available as stay at home restrictions are being eased and businesses are slowly opening.

Several lakes, including Dixon, Wohlford, Poway, Miramar, Murray, Lower Otay and Cuyamaca have opened up to fishing. Campgrounds Including Joshua Tree, Cuyamaca and Santee Lakes are also open. All of these activities are opened on a limited basis and continue to require that social distancing guidelines are followed. Many of our favorite stores, including Bass Pro Shops, are also slowly opening.

I am sure many of you are eager to get out and enjoy many of the activities that have been so long denied to us, but please remember that we all fall into the category of most vulnerable to the disease and take proper precautions. I sincerely hope to see all when next we meet.

Once again we will not be meeting in June. It is hard to tell how long the Senior Center will remain closed to groups, but please remember they have our safety and well being at the top of their priorities.

For those wondering if there is anything positive about the pandemic, I will leave you with this list I borrowed from the internet :

TRAFFIC is gone, FUEL is affordable,
BILLS are extended,
KIDS are at home with their FAMILIES
PARENTS are at home taking care of their CHILDREN
FAST FOOD replaced by HOME COOKED MEALS
The AIR is CLEANER, The WORLD is quieter
PEOPLE are conscious about HYGIENE and HEALTH
MONEY doesn't make the WORLD GO AROUND anymore
DESIGNER clothing is pointless as nobody ever really needed it.
DOCTORS AND NURSES are being praised and recognized instead of celebrities.
And WE now have TIME, finally to STOP and SMELL the ROSES.
And don't forget to LOOK UP AT THE STARS,
Our world is pretty amazing.

Tony Smock
President

So Many Fish.....So Little Time

FRESHWATER

UPCOMING CAMPOUTS

June Lake—September 13-19

Our fingers are crossed for our annual trip to Pine Cliff Resort at June Lake. Our Wagon Masters, Al and Colleen are keeping close tabs on things and communicating with Pine Cliff. They will keep us posted. They are also looking for someone to help out and be their Assistants. Its an easy job, so if you are thinking of going on this trip and would like to help out, give them a call.

Cuyamaca-Pinezanita— October 12-17

Betty and Larry Allen will be our Wagon Masters.

Hope to see you soon,

Albert Wilson

Freshwater Vice President

SALTWATER

Frankie and Frank LoPreste met with the San Diego County Board of Supervisors June 2nd and hopefully the green light is given to the landings to go fishing June 12. There will be new guidelines to follow to keep safe. Social distancing, reasonably applicable sanitation, and a reservation because of limited loads. The cost will be determined according to the boat load.

I am waiting for Ernie to get back to me with his price of 20 maximum and when he will be running the Chubasco 2. This is so new to all of us and we must have patience and understanding.

The good news is the Fury out of Dana Point did an overnight test run Friday with 20 anglers and reported 52 yellowtail and many bottom fish. Good start! Also, a 25 pound halibut was caught in the surf in Oceanside on a jig. For anyone interested in a basic course in Surf Fishing given by the expert Bill Varney go to the CCA Facebook page and click on Videos to replay from 6/4. It is both basic and also informative.

Due to the COVID 19 crisis we have suspended “in person” CPR AED training. Please keep in mind that Cardiac Arrest is still our Nations leading cause of death. I have attached the link to a video for all to review put out by our Project Heartbeat AHA team.

SUNSHINE

Tony and Monique’s daughter has been very ill and in and out of the hospital. Please keep her in your thoughts.

Other than that, It’s been a quiet month.

I guess I need to send myself a card, because I dislocated my knee. I spent four hours in the emergency room, but all is well and I’m on the mend.

Marge Lovelady
Sunshine

ON THE LIGHT SIDE

“If people concentrated on the really important things in life, there’d be a shortage of fishing poles,” Doug Larson.

“Fishing is much more than fish. It is the great occasion when we may return to the fine simplicity of our forefathers,” Herbert Hoover.

“One thing becomes clearer as one gets older and one’s fishing experience increases, and that is the paramount importance of one’s fishing companions,” John Ashley Cooper.
